These beautiful homes are being completely remodeled with energy efficient doors and windows, programmable thermostats, energy star appliances and high efficiency heating systems.

These Carteret Ave. homes will sell for an estimated \$99,000 to \$175,000 for qualified buyers. Sales are restricted to families earning less than 80% of the median income for Mercer County.

Potential buyers must complete home ownership counseling provided by Isles, which will assist potential home buyers throughout the purchase process.

For more information on how to purchase one of these homes contact
