Self-Reliant Communities

“The counselors were great and cared about what I was doing. They helped me to succeed. My children and I are very happy with our new home!”

Isles Homeownership assistance provides counseling to low and moderate-income first time homebuyers and existing homeowners. The counseling is certified by the Department of Housing and Urban Development.

Housing counseling supports new home buyers to ensure that their home becomes a positive financial asset and protects those in foreclosure from losing their homes.

We help customers become successful homeowners by educating them about the home buying process, helping them develop a detailed work

plan and reviewing mortgage documents before closing.

For homeowners in foreclosure, Isles counselors review mortgage documents and personal finances, negotiate with servicers and help customers find the best solution to their delinquency issues.

Since 2008, Isles has provided services to more than 550 foreclosure customers. This past year, Isles helped more than 20 customers purchase homes.
