

FEMA Region 2 Webinar Series

Promoting Resiliency through Community Gardening

Thursday, April 22nd, 2021 from 12:00pm – 1:00pm ET

Please join the Region 2 National Preparedness Division for an Earth Day webinar on creating resiliency through community gardening.

Staff from [Isles, Inc.](#) in Trenton, NJ will discuss how school and community gardens are an integral part of the forty-year history of their community development and environmental non-profit work. They will also offer ways to get started in community agriculture and discuss the ways it can promote resiliency through food-security, environmental stewardship, and community health. Isles currently provides technical and educational support for 70 gardens in the Trenton, NJ area.

Who should attend? The whole community – individuals and families, volunteer and faith-based organizations, local, state, federal government and private sector.
