

# Grow With Us!

## Here's how...

### Isles Garden Support Network

provides resources and training to support community and school gardens. Join us in beautifying Trenton while growing healthy food. Learn about organic gardening, cooking, canning, pollinators, harvesting rainwater, and more. We hold social events, too!

Looking for more personal training? Join the **Incubator Garden** at 33 Tucker Street, which combines workshops and training with one-on-one assistance. Join us for one of our virtual workshops to learn more. Both workshops will cover the same content. Please register in advance.
